Technology

Mark Mathison builds patent assets for businesses and universities through patent prosecution. His practice spans all manner of electronics & software and mechanical patents, including a flourishing expertise in electronic medical devices. He counsels startups, *Fortune* 100 companies, high-net worth individuals, and small and medium sized businesses looking to build something new and protect it against other market players. Those looking for real business-sense protection of inventive concepts, whether in pursuing patents, fortifying trade secrets, or technological protection, find a trusted and articulate counselor in Mr. Mathison.
