## International Trade Commission Practice

IP Master Class: Strategies for the Federal Circuit, District Courts, ITC, and PTAB

Friday, April 16, 2021 -

REGISTER : <https://mailchi.mp/uic.edu/ipmasterclass2021-2683620>

---

Topics discussed in this session include:

- ITC overview: What the ITC is, how it is different and considerations for litigating in that venue.
- ITC and Standard Essential Patents: The ITC offers an alternate option for strategic consideration in world-wide disputes.
- Inter Partes Review at the ITC: The interaction between the ITC and the USPTO concerning IPRs.
- Litigating Trade Secrets and other non-patent issues at the ITC.
- Domestic Industry: Quantification follow on to *Lelo*.
- Indirect Infringement: The ITC implementation of *Comcast* and *Suprema*; practical follow-on effects.
