## Legal Quick Hit: Cybersecurity – A Legal Issue Disguised as an IT Problem

Wednesday, May 11, 2016 -

Webinar

---

"Legal Quick Hit: Cybersecurity – A Legal Issue Disguised as an IT Problem," Webinar, Association of Corporate Counsel (ACC), May 2016.

While hardly a week passes without hearing about a new data breach and the ramifications thereof, cybersecurity is still viewed by many as a technical IT issue rather than a legal one. The webinar will address the threat landscape, the emerging notions of a standard of care and the ramifications of a breach.
