Technology

Lynn Scott combines industry-specific knowledge with cutting edge and innovative solutions to help clients address challenges and take advantage of opportunities. Lynn focuses her practice on universities, academic medical centers, and technology, healthcare, pharma/biotechnology/ medical device, telecommunications, and other emerging growth, middle market, and later-stage companies. She advises clients with respect to a variety of legal issues and transactions including licensing and technology transfer; joint development and research; contract negotiations; data use, aggregation, licensing, and protection; commercialization of intellectual property; drug and therapeutics development and clinical trial related contract matters; capital raising; recapitalizations; joint ventures, mergers, acquisitions and divestitures; and institutional and strategic investments (including venture capital and private equity). Lynn has experience with the technology and contractual aspects of HIEs and the provision of telehealth services.

Lynn has been listed in *The Best Lawyers in America*® for Corporate Law since 2006. She was recognized as an “Outstanding Healthcare Transaction Lawyer” in 2008 by *Nightingale’s Healthcare News* .

Lynn is a frequent speaker at conferences and webinars on data use, aggregation, licensing, and protection, blockchain technology, smart contracts, and artificial intelligence.
