Jim Cleary is a registered patent attorney who focuses on patent law, including preparation and prosecution of patent applications, rendering of opinions on infringement and validity, licensing, due diligence investigations, and strategic counseling, with an emphasis on electrical, telecommunications, software, and mechanical technologies. His clients include action sports and apparel companies, among them top players in the surfing, skateboarding, kite surfing, and fitness industries. Mr. Cleary also represents leaders in the medical devices, telecommunications, and software industries.

Prior to joining Kilpatrick Townsend, Mr. Cleary was a partner in an *AmLaw* 100 firm in San Diego. Earlier in his career, Mr. Cleary served our country in the U.S. Air Force (USAF) and was a senior test engineer and product team leader for the USAF Defense Dissemination Program and a program manager and technical representative for Northrop Corporation, USAF Office.

Mr. Cleary has been recognized by *The Best Lawyers in America*®, *Legal 500 US*, and *Super Lawyers* in San Diego and Southern California.
