## Cybersecurity Law Conference

Edison Electric Institute (EEI)

**Friday, May 13, 2016-**

Morrison & Foerster LLP

---

"Cybersecurity Law Conference," Edison Electric Institute (EEI), May 2016.

We will discuss advances in technology such as transitioning to the cloud, and IoT for utilities (IoT data security, privacy and regulation), engage in an incident prep exercise to understand threats and challenges facing critical infrastructure, and conduct a tabletop exercise to walk through a utility-focused incident.

For more information and to register, please click [here](#).
