# Artificial Intelligence: AI -assisted / generated innovation

International Association for the Protection of Intellectual Property (AI PPI UK)

Wednesday, December 2, 2020 -

REGISTER : <https://www.eventbrite.co.uk/e/artificial-intelligence-ai-assisted-generated-innovation-tickets-130374275969?aff=erelexpmlt>

---

The role of AI in the invention process is evolving and is placing strain on the traditional concept of an inventor being a natural person. There are potentially other consequences for inventions at least partially derived using AI, particularly in the areas of drug discovery and drug repurposing. WIPO held a third open session in early November 2020, to consider further some of the key IP issues relating to AI, including the issue of AI -assisted and AI -generated innovation.
