Health & Life Sciences

Medical & Surgical Devices

Thomas Mathew is a registered patent attorney who focuses his practice on patent prosecution and counseling, primarily in the medical device field. He has considerable experience with U.S. and worldwide prosecution and large-scale patent diligence and counseling projects. He also has experience with patent litigation, having worked on claim construction and invalidity analyses and motions and briefs at trial and pre-trial stages.

While attending law school, Thomas served on the Board of the *Texas Law Review* as Managing Editor of the *Law Reviews* online companion publication and as President of the Asian Law Students Association. He was also an associate intern at a venture capital firm in Austin, Texas, where he reviewed numerous technology startups.
